Comm. H. Childress(3) **File # 2/93-4** A request by Arron Sanders to rezone the property described below from R-3A to R-2:TO APPROVE REQUEST APPROVED 4/19/93 ROLL CALL
Being a tract of land lying in the 11th Civil District at the south end of Claremont Road and further described as parcel 1, group F, map 30-J of the Sullivan County Tax Maps.

The Planning Commission took the following action:

File No. 2/93-4, Arron Sanders Request. Consider a request to rezone a tract of land located in the 11th Civil District at the south end of Claremont Road from R-3A to R-2 to permit the location of a single-wide mobile home.

Applicant was present and spoke in support of the request. No one spoke in opposition to the request. Motion by Belcher, second Trivett to approve request 2/93-4 as recommended by staff; vote in favor of the motion: unanimous, the motion carried.

Motion by: (4) File # 1/93-3 A request by Fred P. Moats to rezone the property described below from
Comm. Ferguson TO APPROVE STAFF AND PLANNING COMMISSIONS RECOMMENDATION
Seconded by: TO DENY Motion passed 4/19/93 ROLL CALL
Comm. Blalock Being a tract of land lying in the 14th Civil District on the east side of State Route 36 approximately 350 feet north of its intersection with Dillow Drive and further described as part of parcel 7, group B, map 107-O of the Sullivan County Tax Maps.

The Planning Commission took the following action:

File No. 1/93-3, Fred P. Moats Request. Consider a request to rezone a tract of land located in the 14th Civil District on the east side of State Route 36 approximately 350 feet north of its intersection with Dillow Drive from R-1 to M-1 to permit the location of an office, warehouse and repair shop for Jarvis Trucking.

Bill Jarvis was present representing the applicant and spoke in support of the application. Mr. Jarvis outlined his plans to construct a trucking terminal on the property. Bill Brook, 397 Dillow Drive and Gary Taylor, and other residents of the Dillow Drive neighborhood spoke in opposition to the proposed zoning citing potential negative impact on the livability and safety of the single family residential neighborhood that would result from increased truck traffic on Dillow Drive, a narrow, winding county road not designed for heavy truck use. County commissioner Blalock addressed the commission and opined that the proposed zoning would lead to traffic conditions on state Route 36 on the south side of the Moats property requiring costly construction of acceleration and deceleration and turn lanes to serve the proposed truck terminal. Staff stated that the proposed trucking facility could create unsafe traffic conditions on Dillow Drive, and SR 36 - the two roads giving access to the property - insofar as the roads are not designed for or capable of safely accommodating anticipated truck traffic from the Moats property. Staff noted that the proposed M-1 industrial zoning would not be compatible with existing residential development and that the introduction of a non-residential use into the residential neighborhood would increase traffic and create conditions dangerous to residents and their children and disruptive to the peace and quiet of existing homes, as well as negatively impacting residential property values.

Staff recommended that application 1/93-3, a request to rezone the Fred P. Moats Property from existing R-1 residential to M-1 Industrial be denied.

Motion by Trivett, second by Belcher to deny request 1/93-3 as recommended by staff; vote in favor of the motion: unanimous, the motion carried.

SAM M. FEATHERS BRIDGE #33 14

The first one-lane bridge was constructed about 1913 and was widened to two-lanes about 1952. Before that time it was necessary to ford the creek on a horse or use a swinging bridge, one located upstream at Galloway's Mill and another swinging bridge located downstream near Old Buffalo School and Church.

Sam Feathers donated land for the bridge located in the Buffalo Community of Sullivan County. He also gave land for nearby roads that bordered or ran through his property on each side of Beaver Creek, namely Buffalo Road, Beaver Creek Road, Jake Cross Road, Thompson Road, and Morrell Road (now Massengill Park Road).

He was instrumental in building Buffalo School, located across the creek from his home. It now serves as a community center called "Buffalo Ruritan Clubhouse".

Sam Feathers was a farmer, and at different times served as a Sullivan County Magistrate. He was a guard at the Sullivan County Jail, a Deputy Sheriff, and for a short time he operated a small grocery store near his home. He retired from the Mead Corporation in Kingsport, Tennessee, where he worked as a security guard.

He was a member of the Whiteside Lodge (Oddfellows) at Bluff City, Tennessee. He was a member of Buffalo Christian Church, where he served as an Elder. Preachers were frequent visitors for Sunday dinner at the Feathers family table.

Sam Feathers was born in 1884, died in 1973 at age 89, having lived his entire life in Sullivan County, Tennessee. He and his wife, Faye Webb Feathers, were the parents of ten children (Ed, Brainerd, Nancy Mulam, Mable Rader, W. York, Sam, Asenath Crussell, Earl, Oakley, and Donald). Five sons served in the United States Military Service.

He was a good neighbor, helping his fellowman in any way he could. Many people, neighbors and strangers alike, were welcome to pump water from a well located in the Feathers yard. During dry summer months many springs ran dry or just "went dry" completely, and their water supply came from this well.

An example of his concern for young people was working to help a young man who was blinded in a hunting accident to attend a school for the Blind in Knoxville. This enabled the young man to return home and operate his own grocery store. In time this young man married and was the father of a daughter. When the daughter needed help with health problems, Sam Feathers helped her get proper care. Now the daughter is an adult and serves as "eyes" for her blind father much of the time.

We, the family of Sam M. Feathers, request that the new bridge be called the XXXX "Sam M. Feathers Bridge".
