THE UNIVERSITY OF TENNESSEE AND THE U.S. DEPARTMENT OF AGRICULTURE COOPERATING

Agricultural Work Area

In January Sullivan County tobacco producers marketed the last of their 1981 crop that was one of the largest grown in recent years. In 1979, one of the smaller crops was marketed with approximately 2.1 million pounds being produced on some 1500 farms. In 1980 the crop amounted to about 2.5 million pounds. The 1981 crop weighed almost 4 million pounds and was produced on 1944 farms which is a significant increase in the total pounds of tobacco being produced and the number of farms growing tobacco.

Many conditions influence tobacco production but the acceptance and use of the fungicide "Ridomil" for control of Blue Mold along with other production practices recommended by the University of Tennessee Agriculture Extension Service has resulted in more tobacco being marketed.

Also in January, Sullivan County feeder pig producers were recertified to meet the Tennessee Organized Feeder Pig Sales requirements set up by the Tennessee Department of Agriculture.

In February pesticide recertification meetings were conducted by the Extension Agents to up-date private applicators in the safe use of restricted pesticides and to renew their card that allow individuals to purchase and use restricted use pesticides. Eighty individuals have been recertified at this time and other meetings are planned for those that need to be recertified.

On March 16 & 17 two special landscaping training sessions were conducted at the Extension Auditorium for home owners and nurserymen. Dr. Don Williams, Professor and Head of the University of Tennessee Ornamental Horticulture and Landscape Design Department assisted local agents in making the latest information available to the local people.

In March, the Sullivan County Livestock Association in cooperation with surrounding county organizations completed plans for the first organized spring feeder calf sale to be held at the Kingsport Livestock Market. The calves will be graded, weighed, penned in uniform lots and sold at public auction in an effort to improve farm income.

Resource Management Farm Families are required to keep a complete set of farm records. Each spring data from the record books are submitted to the University and TVA for the computer printout of Farm Business Analysis. Sullivan County Resource Management Farm Families are summarized and compared with other farmers throughout the state.

District Swine Management meeting was held at Greeneville during February. Two car loads of hog producers from the county attended the all day meeting.

In addition to the above mentioned activities Agricultural Extension Agents have given gardening and lawn care programs for numerous civic clubs and other groups in addition to helping individuals making special request for assistance.

Home Economics Work Area

The Home Economic position was vacant for most of the last quarter and with the employment of another agent to do youth work hopefully we will be able to include a report in this area next quarter.

#### 4-H And Other Youth Work Area

To make the best of the winter weather and school cancellations, a 4-H Ski Trip was held during January. This involved Senior 4-H'ers in a mini-exchange with the Watauga County, North Carolina 4-H'ers as well as an opportunity to learn a new sport.

Chinese Cooking Classes were held during this quarter in Kingsport, Blountville and Bristol as special interest workshops for Junior High and Senior 4-H members. Sixty-nine 4-H members were involved.

Leader Training meetings were held in both January and March to help 4-H leaders work with record books.

Three 4-H Roller Skating Parties were held during this quarter to help finance the Washington, D.C. trip for outstanding 4-H'ers. There were approximately three hundred 4-H members at each Skating Party.

4-H members from five area counties attended Sullivan County's 4-H Honor Club Valentine Dance in February.

4-H Spring Judging Contests were held in Knoxville March 5. Nineteen Sullivan County 4-H'ers participated in leadership, citizenship, history bowl, public speaking and 4-H Poster contests. Sullivan County had 7 first place winners as well as winning first place in the District 4-H Community Pride Participation for the fifth straight year,

Thirteen YF & H members (Young Farmers and Homemakers) attended YF & H Folk Festival in Knoxville, March 20-21.

Mary Vickers Kelly, Assistant Extension Agent, attended Winter Shortcourse at the University of Tennessee from February 8-March 12 to work towards a Master's Degree.

Block and Bridle Roundup was held March 6 in Knoxville with sixteen 4-H members from Sullivan County Livestock Group attending. One 4-H member was ninth high individual in the judging contest.

Sherri Rowland, a 4-H member from Central High School was a state winner in the Sew With Cotton Contest. She won a trip to Memphis March 4-7 to model her garment along with the 4-H winners of five surrounding states.

Twelve 4-H'ers, parents and leaders participated in an Electric Workshop March 30 where they learned to assemble an auto trouble light.
