QUARTERLY REPORT OF J. Craft Akard, Superintendent of Sullivan County Schools presented is report for the quarter ending December 31, 1970 which was received and adopted by a voice vote of the Court and is in the following words and figures to-wit:

HONORABLE JUDGE AND MEMBERS OF THE SULLIVAN COUNTY COURT
 IN SESSION JANUARY 18, 1971
 BLOUNTVILLE, TENNESSEE, 37617

Gentlemen:

Bids were opened Tuesday, January 12, for a ten-classroom addition and rest rooms at Indian Springs Elementary School. Total cost for the proposed project including the cities' share is \$432,000.00.

Construction Contract	\$218,000.00
Architect Fees	10,000.00
Equipment (student desks, chalk and tack boards, teacher desks, storage cabinets, etc.,)	25,000.00
Contingencies	14,200.00
Total	<u>\$ 268,000.00</u>
Bristol's and Kingsport's shares	<u>164,000.00</u>
Total	\$432,000.00

Construction companies bidding on the project and their bids were:

Armstrong Construction Company	\$218,000.00
Sutherland Construction Company	222,200.00
Lyle Construction Company	226,500.00
Click Construction Company	226,699.00
Steadman Construction Company	232,000.00
Cassel Brothers, Inc.	237,800.00
Little Construction Company	252,513.00

If you will recall County Court approved a resolution November 16, 1970 approving an estimated cost of \$500,000.00 including the cities' share and authorizing the Sullivan County Board of Education to draw plans, take bids, and present the actual cost at the January Court 1971. A resolution will be introduced in County Court Monday, January 18, requesting issuance of school bonds in the amount of \$432,000.00.

Bristol, Tennessee, has passed on second reading a proposal to annex an area including Avoca, a

January 18, 1971

enrollment of approximately 1,200. Since citizens of the Avoca Community filed suit Monday, January 11, against Bristol City Officials, we have no idea when the case will be settled.

The proposed annexation would affect several county schools including Valley Pike, Holston Valley, Weavers, East, Avoca and Bluff City. The annexation would take all of Avoca Elementary School with an enrollment of 694 with the exception of 77 students. At present the following number of students from the proposed areas to be annexed are attending county schools.

Holston Valley Jr., High - 19

East High - 205

Valley Pike Elementary -- 66

Weavers Elementary - 48

Bluff City Jr., High - 184

It has been brought to my attention unofficially in the past few days that Kingsport is considering annexation of certain areas around Kingsport, possibly before the 1971-72 school year.

In light of the proposed Bristol Annexation and possible annexations by Kingsport, we do not believe it would be feasible for us to project by April 1971 school building needs for the next five years as requested in a resolution passed by County Court on November 16, 1970.

Since it is inevitable that the Board of Education will be reapportioned on a one man-one vote rule based on recent Federal Court decisions and since the County Court has authorized the Court Education Committee to submit a reapportionment plan to County Court, the Sullivan County Board of Education in session December 17, 1970 recommended the following reapportionment plan to the Court Education Committee for consideration.

(1) That the Sullivan County Board of Education consist of nine (9) members and that three (3) members are to be elected from each of the present legislative districts which were established to elect members to the State House of Representatives.

(2) That such members be elected to serve six-year terms on a staggered basis and that to establish such a staggered basis in the initial election, the person receiving the highest vote shall serve a six-year term, the person receiving the next highest vote shall serve a four-year term and the person receiving the third highest vote shall serve a two-year term.

(3) That the first Board of Education established under the foregoing provisions shall be elected in the General Election of August, 1972.

However, the Board of Education is openminded to any other plan that may be submitted realizing it will be difficult for the County Court to approve a plan that will satisfy everyone.

The Sullivan County Board of Education would like to submit a proposal to the Tennessee State Board for Vocational Education during the spring of 1971 seeking approval of and funds for the construction of an area Vocational Education school in the western portion of the county. Such a school would be built with the view in mind of serving the vocational needs of boys and girls attending the County high schools in that section of the county. A school of this nature would be owned by the Sullivan County Board of Education and operated in cooperation with the State Board for Vocational Education under terms of the State Plan for Vocational Education.

Through establishment of a vocational school a many faceted program can be initiated for the purpose of meeting specific and proven needs. Among these needs are (1) A reduction of the dropout rate from the County schools. This will be accomplished by offering vocational programs attuned to individual and group needs. (2) The preparation of youths and adults for gainful occupations. This school would serve not only students currently enrolled in high school but would provide a potential for an evening adult program and for training, re-training, or up-grading the labor force for new or existing area jobs. (3) To serve

January 18, 1971

various sectors of community life through programs designed to stimulate economic and social growth. In order to provide a vocational education curriculum to meet the needs and attain the objectives indicated above, it will be proposed that vocational programs similar to those listed below be offered. (The specific programs would be selected only after surveys and conferences with all sectors of the economic area to be served relative to the need for such programs.)

- Office Occupations
- Industrial Chemistry
- A/C and Refrigeration
- General Building Trades
- Carpentry
- Masonry
- Plumbing
- Painting and Decorating
- Electricity
- General Shop
- Tailoring
- Welding
- Commercial Food Preparation
- Drafting
- Auto Mechanics
- Cosmetology
- General Metals
- Radio and TV Repair
- Woodworking

Preliminary conferences with regional vocational personnel from the State Department of Education indicate that, based on the number of students to be served and on an estimate of the number of programs to be offered, the physical plant would require a building with a floor area of approximately 70,000 square feet. A normal shop class would require a minimal space of at least 3,000 square feet. The program envisioned would require fifteen or twenty such shop areas. State and federal regulations would require that such a building be located on a site of not less than twenty-five to thirty acres. They further specify that vocational funds available for constructing and equipping such facilities pertain to new construction only and no provision is made for the renovation of existing facilities. The cost of a building of this size on the necessary acreage with all shops fully equipped and ready for use is estimated at \$1,500,000.00. Of this amount Sullivan County would be eligible to receive a total of 60 per cent under Sections 211 and 214 of the Appalachian Act and the remaining 40 per cent would be financed with local funds. In other words, the project would involve \$600,000.00 in local funds and \$900,000.00 in federal funds.

Students attending a vocational school of the type proposed would normally spend one-half of each school day in their regular high school and one-half of each day at the vocational school. In their regular school they would take the normal academic subjects and would go to the vocational school only for vocational education courses. These students would receive their regular high school diploma from the high school which they would normally attend and would participate in the various programs and extra-curricular activities on their home school campus.

We think there can be no doubt that our boys and girls need to have the vocational educational opportunities that a program of this type would afford. While there are many details to be considered and much work to be done in preparation, I believe that we should move forward immediately toward a realization of this goal.

We realize at this time we can only estimate costs. We do need at this term of Court a reaction to the proposed vocational school before we proceed with studies and surveys. Based on our discussions with state officials, we could not hope to secure approval of Federal funds until sometime after July 1, 1971. However, taking into consideration the amount of surveys and studies we will need to make before we submit a proposed plan to the proper authorities, we need to start planning immediately. At the time our project would be submitted, we would need to attach a resolution certifying that Sullivan County would pay its proportional share of the cost.

Very truly yours,

January 18, 1971

QUARTERLY REPORT
OF
HELEN R. STOCKING, HOME AGENT

Helen R. Stocking, Home Agent Presented her report for the period
ending September 30, 1970, which was received and adopted by a Voice
Vote of the Court which was in the following words and figures, to-wit:

JUDGE LON V. BOYD AND MEMBERS OF THE SULLIVAN COUNTY COURT:

Following is a brief report of the County Extension Agent - Home-Economics for the quarter ending December 31, 1970.

Materials were prepared for and a class session given on a variety of party foods. This was done with the Home Service representative of the Kingsport Power Company for home demonstration club members to help them with entertainment for the holidays and other such occasions.

A program on cuts of meat was prepared and presented to clubs requesting it. This program will be available to clubs on request.

A good deal of time was spent preparing for a Home Demonstration Club Holiday Fair. At this event each club set up a booth displaying holiday crafts and hand made gift ideas. It was held in the auditorium of the Kingsport power Co. and was open to the public from 1: P.M. to 8:00 P. M. About 600 attended.

The Home Demonstration Club Handbook was printed and distributed to each club.

I attended a state Extension Conference in Nashville, also a sewing instruction class in Johnson City and an area nutrition conference in Knoxville.

Four stitchery classes were taught.

Training classes on Laundry methods were held for home management leaders. This included the study of today's laundry equipment, detergents, other cleaning agents, spot removal, handling of various fabrics, etc.

The county nutrition committee met to plan for the year.

I taught a session of the 4-H Leadership - In Depth series and assisted with the final meeting.

I met with women of the Holston Valley Community Hospital Auxiliary to discuss the possibility of home demonstration club members helping with the Wilcox Hall rehabilitation program.

I presented a program on holiday decorations to the Bristol Altrusa Club.

I attended a district Extension meeting in Morristown. I also planned further with the Extension Training and Studies Department for my current graduate study program.

I presented a television program on window treatment. This was an introduction to a series of 12 lessons to be given on TV during January and February.

Much time has been given to readying materials for this series, enrolling viewers, and doing many things necessary for this undertaking.

I also prepared a set of slides to be used by home demonstration club members in their local club meetings.

In addition I attended to the usual office duties, went to home demonstration club meetings, and prepared news columns and radio programs each week.

Respectfully submitted

QUARTERLY REPORT
OF
J. W. McCLAIN, COUNTY AGENT

J. W. McClain, County Agent presented his report for the period ending
December 31, 1970, which was received and adopted by a Voice Vote of
the Court which was in the following words and figures to-wit:

JUDGE LON V. BOYD AND MEMBERS OF THE SULLIVAN COUNTY QUARTERLY COURT:

This is a brief report from the County Extension Agent for the quarter ending December 31, 1970. Our 1970 tobacco crop was good in both yield and sales price. Dry weather and Southern Corn Leaf Blight made for a

January 18, 1971

A corn survey was partially made for purpose of making our annual plan of work. Approximately 40 corn growers are to be interviewed to see what practices are being carried out in corn production. The important points to consider in new years program can be arrived at from the summary when complete.

A few silage samples have been picked up on farms and sent to laboratory for analysis. Joe Burns, Associate Professor of Agronomy, assisted in 2 meetings on cornproduction and how to avoid the corn blight problem. Mr. Charles Hadden, Plant Pathologist, Knoxville was secured for Farm-City Day speaker at Bristol Kiwanis Club. He spoke on Corn Blight.

A USDA Defense ,Board Meeting was attended in Morristown along with other paid Agricultural workers.

A state wide meeting was attended for all extension workers in Nashville. Purpose was to bring all employees up to date on re-organization in Extension.

One day was spent at in-service training on Visual Aid in Knoxville. A meeting by Geigy Chemical Company on Herbicides was attended in Johnson City. One G. E. O. Committee meeting was attended when preliminary plans were made to assist low income families with gardens.

A conference was held with Mr. Jim Pierce, Supt. of Area Vocational Technical School at which time a discussion was held on plans to include some Horticultural and Landscaping Courses at the school. This probably would be a long time goal of the Area School.

Some time was spent on the 4-H Club Woodland project at Central High School. Material has been secured and small signs made for labeling various species of trees and plants. Mr. Earl Cady, Extension Forester is assisting in this project.

QUARTERLY REPORT

OF

GEORGE K. BLANKENBECKLER,
VETERANS SERVICE OFFICE

George K. Blankenbeckler, Service Officer presented his report for the period ending December-31st, 1970, which was received and adopted by a Voice Vote of the Court which was in the following words and figures to-wit:

Sullivan County Court, Blountville, Tennessee.

Gentlemen:

During the quarter ending October, November, and December, 1970, 1,194 veterans or their dependents came to our office for assistance and we processed 1,541 forms of various types.

Visible results of our work for the quarter are as follows:

J. C. Curtis	Claude Lee Epperson
Roy Lee Allison	William E. Kelly George H. Turner
Harmon W. Bullock	Clyde E. Smith Ray H. Whittaker
Albert J. Doyle	Joseph L. Stern

We have collected \$2,500 on burials of the above deceased veterans.

COMPENSATION AND PENSIONS TO VETERANS, WIDOWS, AND CHILDREN:

Albert W. Allison	\$381.00 a month
Henry W. Arvil	\$115.00 a month
Richard E. Goodman	44.00 a month increase
Clarence R. Green	25.00 a month increase
Robert Thomas	8.00 a month increase
Jessie C. Worley	100.00 a month
Clyde E. Smith	96.00 a month

January 18, 1971

COMPENSATION AND PENSIONS TO VETERANS, WIDOWS, AND CHILDREN: (continued)

Charles B. Richard	-	\$25.00 a month increase
Laura V. Castle		50.00 a month
Donna F. Shoun		40.00 a month

GOVERNMENT INSURANCE COLLECTED:

William E. Kelly	-	\$10,000.00
------------------	---	-------------

November, December, and January are the busiest months since all veterans and dependents in receipt of pensions must file income return. During this period we have averaged from 20 to 60 of these cases each day, which, to say the least, is a gigantic task.

All recipients are residents of Sullivan County.

FOSTER CARE:

Between October 1, 1970 and December 31, 1970, we have provided foster care for 74 Sullivan County children. The care for 26 of these children was financed through AFDC Foster Care funds and State Boarding funds. The status of children served is as follows:

1. Total Number of Children Served	74
a. In foster boarding homes	50
b. In Janie Hammitt or other institutions	24
2. Number of Children Removed from Care	8
a. Returned to own homes	4
b. Placed for Adoption	4
3. Number of Children for whom long-term care is likely	20

CHILD WELFARE EXPENDITURES:

The following figures show our expenditures for the first half of the 1970-71 fiscal year from the County appropriation for boarding care and special needs:

Expenditures for First Half of Fiscal Year:

July	\$2510.57
August	\$2587.68
September	\$2781.48
October	2722.51
November	3010.30
December	<u>2688.39</u>
Total	\$16,300.93

If our expenditures continue on the present trend, we will exceed the amount appropriated for the current fiscal year. The expenditures have risen as the result of several factors. Of course, we have placed an above average number of older children into foster care this year, and the rising cost of clothing and medical care is another factor causing an increase in expenditures. We hope to be relieved somewhat within this area during the next few months as several of the older children in foster care are becoming available

January 18, 1971

to fulfill the needs of these children. It is our impression at this time that it will be necessary for us to request a supplemental appropriation at the April 1971 term of court. We shall gladly provide the court with any additional information that may be desired concerning services or expenditures.

RESO: VOTING PLACE FIFTH
MAGISTERIAL COMMITTEE

Resolution regarding Voting Place fifth Magisterial District was introduced to the Court by Esq. J. King, and seconded by Esq. Tallman and was referred to the proper committee for further distribution and is in the following

words and figures to-wit:

TO THE HONORABLE LON V. BOYD, JUDGE, AND MEMBERS OF THE SULLIVAN COUNTY QUARTERLY COURT IN REGULAR SESSION. MET THIS THE 18th DAY OF JANUARY, 1971.

WHEREAS, it is very inconvenient for certain voters of the Fifth (5th) Magisterial District who live inside the city limits of the City of Kingsport to go to the Indian Springs School to vote; Therefore THEREFORE BE IT RESOLVED (1) that those voters of the Fifth (5th) Magisterial District who live inside the city limits of the City of Kingsport and who desire to have their voting place changed to Ross N. Robinson, Jr., High School from Indian Springs School may do so until the next magisterial redistricting by signing a request at the Election Commission Office in Blountville not later than the required time for registration in the election that the voter will be voting. (2) that those voters be permitted to do this without changing them from the 5th Magisterial District to the 9th Magisterial District. (3) that no change of magisterial or civil district lines be made in connection with this change. (4) that these voters shall continue to vote for 5th Magisterial District Candidates and not 9th Magisterial District Candidates pending whatever district they may be placed in the next magisterial redistricting. (5) that the change be accomplished by setting up a special registration book for these city voters to be available at the Ross N. Robinson precinct at voting times and also with the possibility that those who make the change may have to make it with the understanding that they may have to vote on paper ballots in some elections rather than on voting machines. (6) that those voters eligible to make this change but who do not desire to do so do not have to but may continue voting at Indian Springs School. (7) that this change be made for the convenience of these voters. (8) that as a condition precedent on voting on this resolution that it be referred to the Election Commission for their consideration.

RESO: IN RE: STATE Resolution that the Sullivan County Quarterly Court accept the attached proposal
HIGHWAY # 23 PROPOSAL by the State was introduced by Esq Woods, second by Esq Greene and adopted by a

voice vote of the Court and is in the following words and figures, to-wit:
BE IT RESOLVED THAT the Sullivan County Quarterly Court accept the attached proposal by the State of Tennessee in regard to the construction of 1,648 miles of State Route 23 at or near Colonial Heights.

PROPOSAL OF THE DEPARTMENT OF HIGHWAYS OF THE STATE OF TENNESSEE

TO THE COUNTY OF SULLIVAN, TENNESSEE:
The DEPARTMENT OF HIGHWAYS of the State of Tennessee, hereinafter called "DEPARTMENT", proposes to construct a project designated as NO: SP-82006-2218-04 ROW- in the COUNTY OF SULLIVAN, provided the COUNTY will cooperate with the DEPARTMENT as set forth in this Proposal so that the general highway program be carried out in accordance with the intent of the General Assembly of the State.

Accordingly, if the COUNTY will agree:
1. That in the event any suits in cross-eminent domain are instituted by reason of the DEPARTMENT, or its contractor, going upon the right-of-way and easements, and constructing said project in accordance with the plans and as necessary to make the completed project functional, it will notify in writing, the DEPARTMENT'S Attorney, whose address is 812 State Highway Building, Nashville, Tennessee 37219, of the institution of each suit, the declaration and all other pleadings, within ten (10) days of the filing of each of the same, under penalty of defending such suits and paying any judgments which result therefrom at its own expense; and

2. To close or otherwise modify any streets or other public ways as may be indicated on said plans and prohibit parking on the entire right-of-way unless, to the extent that parking may be specifically authorized thereby; and

3. To transfer or cause to be transferred to the DEPARTMENT, without cost, all land owned by it or by any of its instrumentalities as may be needed for right-of-way or easement purposes, provided such land is being used for street, alley or other public way purposes; and

4. To cooperate with the DEPARTMENT by effecting the removal, relocation or adjustment of the facilities of any utility, public or private, without cost to the DEPARTMENT, which are located within the right-of-way of any street, alley or other public way, as may be necessary to construct the project; and

5. That if any frontage roads are constructed by the DEPARTMENT as a result of the construction of this project, it will maintain such roads in the same manner as its streets are maintained, without cost to the DEPARTMENT; and

6. That after said project is completed and accepted, such parts of any present highway as are not removed, but are replaced by said project, will be accepted by it for future maintenance; and

7. Not to pass any Resolution which would be in conflict with any of the above prescribed provisions; then

The DEPARTMENT, following the acceptance of this proposal, will acquire the rights-of-way and easements necessary to construct the project in accordance with the plans and any amendments thereto, thereafter accomplish the construction of the project, and defend any cross-eminent domain suits of which it has received the notices provided for herein.

The plans for the project hereinbefore identified by number are incorporated by reference thereto and shall be considered a part hereof, including any revisions or amendments thereto, provided a copy of each is furnished the COUNTY.

The acceptance of this Proposal shall be evidenced by the passage of a proper Resolution which shall incorporate the same verbatim, at the next regularly scheduled meeting of the County Court.

IN WITNESS WHEREOF, the DEPARTMENT has caused this instrument to be executed by its duly authorized officials on this the 3rd day of December, 1970.
