January 4, 1977

Honorable Judge and Members of the Sullivan County Court
In Session January 17, 1977
Blountville, Tennessee 37617

Ladies and Gentlemen:

I trust that the holiday season has been a joyous occasion for each of you and that 1977 will bring you continued health, happiness, and prosperity. I believe that the past year has been a progressive year for education in Sullivan County. This progress which is so vital for our youth could not have happened without your interest and support.

In the past year much work has been done in getting our building program off to a good start. Much of the preliminary planning, architectural drawings, acquisition of land, etc., has been completed. The coming year should be for the most part the construction phase of our building program. The pre-construction phases of a building program of this size are necessary to give proper direction for construction but are time consuming and many problems have to be considered.

The completion of the vocational addition at East High School has made it possible for a new organizational plan for our schools in that part of the county. The high school is organized with grades 9-12, the junior high schools are organized as middle schools with grades 6-8, and the elementary schools are organized with grades K-5. When the two new high schools and the vocational addition at Central are completed, this organizational plan will prevail throughout the county. With the sixth grade going to the middle schools, space will be opened up in our elementary schools for our kindergarten classes. Many of our kindergarten classes are yet located in churches.

Vandalism has been a real problem in many of our schools this year. A fire at Brookside School caused a damage in excess of \$50,000. The fire was localized to one area of the building but smoke penetrated throughout the building leaving a black residue on surface areas including books and equipment. There doesn't appear to be any easy solution to this problem which seems to be on the increase. Plans have been made to include a custodian's apartment in the new schools to be constructed.

A new individualized reading program has been started at Lynn Garden and Cedar Grove Schools this year. The program is designed to guide each student step by step at his own pace through a sequence of cognitive skills in reading and to keep firm track of his progress as he works. The unique part of this program is that computer services help the teacher in managing the learning program for each student. This program is financed by Title I at Lynn Garden and Title III at Cedar Grove. The program is an example of our staff's effort in keeping up with the latest methods and techniques in instruction.

We have requisitioned instructional supplies for elementary teachers which will be delivered before this school year ends. The objective of this is to assure the availability of necessary supplies for teachers at the opening of the 1977-78 school term.

We have made special efforts this year to implement the regulations of the State Board of Education concerning the immunization of students. This is in compliance with State law which states that:

- "1. There should be a complete medical examination of every child entering school for the first time with pertinent immunizations given at this time. This applies to nursery school, kindergarten, as well as first grade and other pupils for whom there is no health record."

The diseases requiring immunization are: diphtheria, measles, poliomyelitis, tetanus, whooping cough and rubella.

Special education services now being provided for Sullivan County children include the following:

One hundred and fifty-five children with specific learning disabilities receive individual help from eleven resource teachers. There are fifteen teachers providing services for 250 children who are mildly or severely retarded. Eleven children who are blind or severely visually impaired are able to attend regular classes with the assistance of a specially trained resource teacher.

Five speech and hearing therapists provide services to all elementary schools, working with children who have speech and hearing problems.

Three full-time learning diagnosticians provide psychological services for children with suspected learning problems, emotional problems, other impairments, disabilities, etc.

A full-time homebound teacher provides home instruction for children who are not able to attend school for medical reasons. In addition to the one homebound teacher, several classroom teachers provide homebound instruction to students from their classes who require temporary homebound assistance.

Tuition is provided for sixty children who attend special schools such as Dawn of Hope, Palmer Center, E.T.S.U. Pre-School Program for the Deaf, etc.

The Title I program has continued to provide supportive services for the identified children in twenty-six Sullivan County Schools qualifying for Title I funds. We have sixty-four teacher aides providing individualized instruction under the supervision of the classroom teacher for students needing extra help in reading and math. A central resource center is provided to loan materials for individualized instruction. Consumable workbooks are also available in reading and math for children who cannot work successfully in the materials ordinarily provided at their grade level.

The services for five reading consultants and two social workers are available to assist with special needs of qualifying children. Title I also provides limited dental and medical care for children from indigent families not eligible for Medicaid.

Approximately 2,500 school children are receiving aid through the Title I Program.

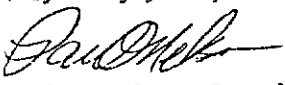

The renovation work at Bluff City Middle and Bluff City Elementary Schools is progressing on schedule and should be completed by the opening of next school year. The new construction part of the renovation project at Blountville Elementary and Blountville Jr. High was awarded to Click Construction Company who was low bidder at \$749,000. The construction of the vocational-technical wing at Sullivan Central is progressing on schedule. Unless there is unforeseen delay, classes in vocational-technical education will begin there in the Fall of 1977.

Sites have been purchased for the two new high schools to be built in the Kingsport area. One of these sites includes space for the new Rock Springs-Colonial Heights Elementary School.

Sullivan North	Cost: \$424,863.50
Sullivan South	Cost: \$453,904.00

Site development is planned to begin on these sites in late winter or very early spring.

The site development contract has been awarded for the Holston Elementary-Middle School site. Lawson Construction was low bidder and was awarded the \$199,300.75 contract.

Very truly yours,

Paul K. Nelson, Superintendent
Sullivan County Schools

AGRICULTURAL WORK AREA

In the past three months, the Agricultural Extension Agents have completed necessary training in restricted use pesticides and become certified by the Tennessee State Department of Agriculture Division of Plant Industries to conduct training in Sullivan County for private applicators. The Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) As Amended and passed by congress in 1972 will become effective October 21, 1977, requiring private applicators to be certified to use restricted use pesticides. The training sessions for Sullivan County will be scheduled at different times early in 1977 to give all private applicators an opportunity to become certified. Home gardeners and other users of general use pesticides will not be required to be certified under this program. According to recent information general use pesticides will continue to be available for purchase by the general public.

In October three corn demonstration plots using soil test results as a basis for fertilization were harvested and weighed to determine the yields as shown in the table below:

	<u>pH</u>	<u>N.</u>	<u>P.</u>	<u>K.</u>	<u>Variety</u>	<u>Plants per/A</u>	<u>Bu.Yld./A</u>
Oscar Bailey Sullivan Garden Community	5.9 (2 Tons Lime)	140	120	60	(Pioneer) 3369A	16,376	154 Bu.
J. Powell Hawk Hoiston Community	6.0	130	80	60	(Pioneer) 3368	17,922	126 Bu.
O. H. Peters Sunrise Community	6.2	130	100	60	(Dekalb) 72B	21,160	146 Bu.

The corn fertilization plots are carried out jointly between local farmers, the Extension Service and The Tennessee Valley Authority.

In November and December seven tobacco producers, Brock Fleenor, Joe K. Thomas III, Earl Jones, G. B. Hall, R. C. Saul, Bill Pierce, and Oscar Bailey, agreed to strip about one half of their crop or 1,500 pounds using the loose-leaf method (untied) and burlap sheets to deliver the tobacco to the market instead of tying and putting it on baskets.

The final results are not available, but the majority of the Sullivan County producers reported a savings in labor and a definite advantage in being able to work tobacco in a wider range of (case) working order.

The loose-leaf market demonstration was sponsored by R. J. Reynolds, Universal Leaf, Phillip Morris and Austin Tobacco Company, Tennessee Farm Bureau, and the Extension Service to try to find ways to reduce labor and time required to prepare burley for market.

In 1976 Sullivan County had 1296 soil samples analyzed by the Soil Testing Laboratory in Nashville with recommendations being made for field crops, gardens and lawns. Soil testing is the easiest way to determine efficient use of fertilizer and to know if the pH is suitable for a specific crop.

During the past quarter, Extension Agents have continued to make farm and home visits to assist individuals with special requests in addition to carrying out the duties necessary for the on going Extension Programs.

HOME ECONOMICS WORK AREA

The Extension Auditorium is proving to be a real help in Extension teaching, and many women in the county are attending the various training opportunities. During the past quarter more than 200 women attended classes in needle weaving and stitchery, food preparation, making pine cone wreaths, hanging baskets, and wood crafts.

At club meetings women have been interested in learning to make their own scarfs, a popular fashion accessory, but rather costly when bought ready-made. Many used the patterns for making Christmas gifts.

Interior Design and Family Living leaders received training so that information could be relayed to members in the respective clubs.

The annual Home Demonstration Fall Seminar was held - - a tour of Jonesboro.

Another important annual undertaking was held at the Bristol Mall - our Holiday Fair, a time when Home Demonstration Club members share their ideas with the public for gifts and decorations. Demonstrations were presented throughout the day and samples were on exhibit.

A program on food preparation was presented to the Kingsport Senior Citizens.

We continued the exhibit of bicentennial crafts and prepared a program with these pieces for a folklore class at Central High School.

We received training in clothing construction from University Specialists and manufacturers representatives, also training on the use of the Microwave oven.

In addition there were the customary club meetings to attend, news columns to write, and T. V. and radio programs to present as well as office duties to perform, also plans and preparations for up-coming meetings.

4-H AND OTHER YOUTH WORK AREA

4-H activities conducted during the quarter between October and December includes the county 4-H Officer's Training Day at Central High School in which two hundred and sixty-four 4-H'ers attended. The 46th Achievement Day program was held in Bristol on October 15. 4-H Clubs participated in the marching parade and fifty trophies were awarded to outstanding 4-H'ers. Nearly one hundred 4-H'ers took part in 4-H activities at the Bristol Mall October 9. These included 4-H project demonstrations, 4-H Fashion Show, Share-The-Fun, Dog Show, Baking Demonstrations and Exhibits.

Over fifty 4-H Leaders attended the 4-H Leaders Banquet November 4, at the Bristol County Club, sponsored by the Bristol Chamber of Commerce. Twenty-five 4-H adult leaders received 4-H Leadership training on Saturday October 16.

A 4-H Electric Workshop was conducted on November 20 with twenty 4-H'ers assembling pin-up lamps and participating in other related learning experiences.

The county 4-H Awards Night was held November 22. Mr. Oliver Cook, Assistant Professor with 4-H Club, presented a program followed by the presentation of county 4-H Project medals to deserving 4-H Club members.

During December eighty-eight 4-H Clubs held Christmas Crafts Contest. These Clubs were met and the crafts judged.

Regular monthly meetings were held for the 4-H Horse Club, the Livestock Club and the 4-H Honor Club.

The District All-Star Winter Conference was held in Knoxville on December 30. Nine 4-H'ers and 4-H Extension Agent attended the conference and presented a report of All-Star achievements for the past year.

SUMMARY FOR THE QUARTER

RESOLUTION IN RE: Caution Light at
State 34 Piney Flats
Road

BE IT RESOLVED THAT

A caution light be installed at the intersection of State
Route 34 and Piney Flats Road. Lights to blink "caution"
on State Route 34, and blink on red on Piney Flats Road.

WHEREAS, the State Department of Transportation conducted a
traffic count on March 30, 1976, and a field review on June
16, 1976 and recommended the following:

(1) Curb the open frontage of the two south corners of
the intersection to improve the sight distance. The
work and the funding provided by the State.

(2) Relocate the existing stop signs on the east approach
of Piney Flats Road from the left side of the road-
way to the right side in the proposed island. Work
and funding provided by the State.

(3) Install an intersection control beacon with red on

November 16, 1976

Hon. Lon V. Boyd
Sullivan County Quarterly Court
Blountville, TN

Dear Judge Boyd:

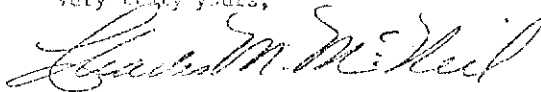

It is with regret I now resign as a member of the Sullivan County
Quarterly Court.

I wish to convey my admiration and appreciation to you and your
staff, members of County Court and other employees and elected
officials of Sullivan County.

There comes a time when a person realizes he has contributed all
possible in a position such as this. I have reached this point
and feel that some new choice by the people could better serve
the residents in this the 11th Magistrial District inside the City
of Kingsport.

Please consider my resignation effective as of this date,
November 16, 1976.

Very truly yours,

Charles H. McNeil

RESOLUTION IN RE: R.O.T.C. Program

BE IT RESOLVED THAT

WHEREAS, the R.O.T.C. program if properly administered has proven to be an asset in high schools in the development of discipline, leadership, character, patriotism, an ability to take to orders, a pride in self and a pride in ones group;

BE IT RESOLVED that the Sullivan County Court recommend that the Sullivan County School Board investigate the feasibility and possibility of including a R.O.T.C. unit in the high schools of Sullivan County and if such investigation shows a favorable report to take the necessary steps to put the program into operation in the high schools.

RESOLUTION IN RE: Government Study

BE IT RESOLVED THAT

the Sullivan County Court initiate a comprehensive, in depth, and long range study of the type of government best for the people of Sullivan County.

BE IT FURTHER RESOLVED that this study consider such alternatives as (1) the present county system unchanged, (2) the present county system with certain modifications, (3) a county manager-county council form of government, (4) a consolidated, unified, or metropolitan form of government for Sullivan County and the Cities of Sullivan County, (5) the present county and city systems with consolidation of certain branches of the county and city systems, and (6) any other representative form that those making the study may desire to consider.

BE IT FURTHER RESOLVED that those making the study be directed to give the highest and fullest consideration to the question of the relationship between benefits received and taxes paid by the various citizens of the county in each form of government studied.

BE IT FURTHER RESOLVED that this study be made by a 27 member work-study

RESOLUTION IN RE: Reading Program

BE IT RESOLVED THAT

WHEREAS, a good reading ability is one of the most important keys to the
learning process;

BE IT RESOLVED that the Sullivan County Court recommend that the Sullivan
County School Board establish the following program in connection with
reading in the Sullivan County Schools. (1) A minimum level of reading
accomplishment and ability be established for each grade. (2) A testing of
each pupil be carried out near the end of each school year to see if the
pupil meets the minimum level. (3) If a pupil does not meet the minimum level
for his grade level, that he or she be required to enroll in a special reading
class during the next school year to enrich his or her reading ability and to
bring it up to the minimum requirement of his or her grade level. (4) A
requirement that no pupil be given a standard diploma if he is not able to meet
the minimum reading level for a grade (school year) to be agreed on after study
by the school board and implementation of the program. (5) That a pupil
deficient in reading level at time of graduation be permitted to remove that
