#### PROPOSAL

THE DEPARTMENT OF TRANSPORTATION OF THE STATE OF TENNESSEE TO THE COUNTY OF SULLIVAN, TENNESSEE:

The DEPARTMENT OF TRANSPORTATION of the State of Tennessee, hereinafter called "DEPARTMENT", proposes to construct a project designated as No. F-66(8); 82007-2207-14, State Hwy. 37 - FAU 66; from north of the Carter County Line to Bluff City Bypass (2.958 Miles) in the COUNTY of SULLIVAN, provided the COUNTY agrees to cooperate with the DEPARTMENT as set forth in this proposal, so that the general highway program be carried out in accordance with the intent of the General Assembly of the State.

Accordingly, if the COUNTY will agree:

- 1. That in the event any civil actions in cross-eminent domain or for damages are instituted by reason of the DEPARTMENT, or its contractor, going upon the right of way and easements, and constructing said project in accordance with the plans and as necessary to make the completed project functional, it will notify in writing the Attorney General of the State, whose address is Room 230, 450 James Robertson Parkway, Nashville, Tennessee 37219, of the institution of each civil action, the complaint and all subsequent pleadings, within seven (7) days after the service of each of the same, under penalty of defending such actions and paying any judgements which result therefrom at its own expense; and
- 2. To close or otherwise modify any of its roads, or other public ways as indicated on the project plans, as provided by law; and
- 3. To transfer or cause to be transferred to the DEPARTMENT without cost to it, all land owned by the COUNTY or by any of its instrumentalities as required for right of way or easement purposes, provided such land is being used or dedicated for road or other public way purposes; and

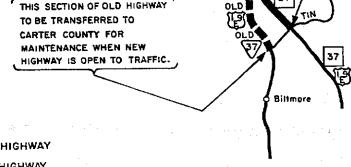

ć

racilities and systems for producing, transmitting or distributing communications, power, electricity, light, heat, gas, oil, crude products, water, steam, waste, storm water not connected with highway drainage, and other similar commodities, including publicly owned facilities such as fire and police signal systems and street lighting systems are located within the right of way of any road or other public way owned by the COUNTY, or any of its instrumentalities, the COUNTY agrees that it will take any action necessary to require the removal or adjustment of any of the above described facilities as would conflict with the construction of the project. But the foregoing may not be a duty of the COUNTY since it shall become operative only after the DEPARTMENT has been unsuccessful in its efforts to provide for said removals or adjustments for the benefit of the COUNTY.

The foregoing does not apply to those utility facilities which are owned by the COUNTY or one of its instrumentalities, it being understood that the COUNTY has the duty to relocate or adjust such facilities, if required, provided the COUNTY is notified to do so by the DEPARTMENT with detailed advice as to this duty of the COUNTY; and

- 5. That any frontage road(s) to be constructed by the DEPARTMENT will be maintained by the COUNTY in the same manner as its roads are maintained, without cost to the DEPARTMENT; and
- 6. That after the project is completed and open to traffic, such parts of the existing highway(s) that will be replaced by the project, as shown on the attached map, will be accepted by the COUNTY for future maintenance; and
- 7. That no provision hereof shall be construed as changing the maintenance responsibility of the COUNTY for such part of the project as may presently be on its highway, street, road or bridge system; and

The acceptance of this proposal shall be evidenced by the passage of a Resolution which shall incorporate the same verbatim, or by reference thereto; then

Following the acceptance of this proposal, the DEPARTMENT will acquire the rights of way and easements, construct the project and defend any cross-eminent domain or damage civil actions of which the Attorney General has received the pleadings provided for herein.

The project plans hereinbefore identified by number and description are incorporated by reference thereto and shall be considered a part of this proposal, including any revisions or amendments thereto, provided a copy of each is furnished the COUNTY.

IN WITNESS WHEREOF, the DEPARTMENT has caused this instrument to be executed by its duly authorized officials on this the 3 nd day of Man, 1985.
